

**Kure Med Spa, LLC**  
**PATIENT INFORMED CONSENT FORM**  
**FOR LIMELIGHT TREATMENT OF VASCULAR AND PIGMENTED LESIONS**

I hereby authorize Kure Med Spa, LLC staff to remove or lighten the appearance of vascular and/or pigmented lesions. The procedure involves using a laser or pulsed light device to coagulate the vessels or vascular lesions and/or treat pigmented lesions, age spots, and sun spots by melanin absorption. I understand it may take multiple treatments to obtain optimal results. Although these devices are effective in most cases, no guarantees can be made. I understand I may not experience complete clearance and that it may take multiple treatments. Some conditions may not respond at all and, in rare cases, may become worse.

The procedure may result in the following adverse experiences or risks:

- DISCOMFORT - Some discomfort may be experienced during treatment.
- REDNESS/SWELLING/BRUISING - Short term redness (erythema) is common and swelling (edema) of the treated area may occur. Additionally, there may be some bruising.
- SKIN COLOR CHANGES - during the healing process, there is a slight possibility that the treated area may become either lighter (hypopigmentation) or darker (hyperpigmentation) in color compared to the surrounding skin. This is usually temporary, but, on a rare occasion, it may be permanent.
- WOUNDS - Treatment can result in burning, blistering, or bleeding of the treated areas. If any of these occur, please call our office.
- BURNS AND INFECTION - Infection is a rare possibility whenever the skin surface is disrupted, though proper wound care should prevent this. If signs of infection develop, such as pain, heat, or surrounding redness, please call our office at 901-840-3871.
- SCARRING - Scarring is a rare occurrence, but it is a possibility if the skin's surface is disrupted. To minimize the chance of scarring, it is IMPORTANT that you follow all post-treatment instructions provided by your healthcare staff.
- EYE EXPOSURE - Protective eyewear (shields) will be provided to you during the treatment. Failure to wear eye shields during the entire treatment may cause severe and permanent eye damage.

I acknowledge the following points have been discussed with me:

- Potential benefits of the proposed procedure, including the possibility that the procedure may not work for me
- Alternate treatments such as sclerotherapy or surgery
- Reasonably anticipated health consequences if the procedure is not performed
- Possible complications/risks involved with the proposed procedure and subsequent healing period

For women of childbearing age: By signing below I confirm that I am not pregnant and do not intend to become pregnant during the course of treatment. Furthermore, I agree to keep Kure Med Spa, LLC staff informed should I become pregnant during the course of treatment.

Photographic documentation will be taken. I hereby do \_\_\_\_ do not \_\_\_\_ authorize the use of my photographs for teaching and/or advertising purposes.

**ACKNOWLEDGEMENT**

**BY MY SIGNATURE BELOW, I ACKNOWLEDGE THAT I HAVE READ AND FULLY UNDERSTAND THE CONTENTS OF THIS INFORMED CONSENT FOR THE PROCEDURE AND THAT I HAVE HAD ALL MY QUESTIONS ANSWERED TO MY SATISFACTION BY MY HEALTHCARE TEAM.**
